## CANIDROME DRAWS INT'L CONDEMNATION ON MDT

📝 - 🕒 THURSDAY, MAY 5, 2016 - 18 HOURS AGO 🗨️ NO COMMENTS 👁️ 459 VIEWS

Yesterday the Macau Daily Times website (macaudailytimes.com.mo) was flooded with comments from international observers expressing their condemnation of the Canidrome facility and calling for its closure.

"The noble thing to do would be to end this trade and close down this industry," wrote one user. Another criticized the facility for "refusing" or not agreeing to participate in the proposed Anima-Canidrome debate, saying that "[whomever] has a clear conscience is not afraid to answer questions. Shame!"

Many of the comments also stressed that the world is now waiting to receive the response from the Macau government, with one commentator adding, "in every country we are watching you!"
