

## Animal charity horrified after greyhound found dead in River Foyle with ears cut off

26 Jun 2015

by admin

**The Chairperson of an Animal Charity in Derry says they are horrified after a greyhound was found in the River Foyle with its ears cut off.**

Racing greyhounds carry ID marks on their ears and the dogs ears were removed to prevent the owner from being identified.

The greyhound was found in the river foyle with a stanley knife and gloves nearby on Wednesday.
