Mr. Ng Chi Sing  
Unit 303B, 3/F Shun Tak Center  
200 Connaught Road Central  
Sheung Wan, Hong Kong

Dear Director Ng Chi Sing,

As the largest non-profit greyhound protection organization in the United States, we would like to open a dialogue regarding the fate of greyhounds at the Canidrome.

According to a recent news report, more than 700 greyhounds were euthanized at the track in 2009 and 2010. This report also indicated that the track has never had an adoption program.

We recognize there are others who share responsibility for this problem, including Australian greyhound breeders who export their dogs to Macau. Nevertheless, your policy of killing a reported thirty dogs each month is completely unacceptable. Further, the way greyhounds are treated in Macau, as part of the civilized world, goes against mainstream animal protection values shared across the globe.

In an effort to address this problem, we would like to begin by adopting a Canidrome dog. One of our board members visited the Canidrome a few weeks ago to inspect your facility. She took a photograph of a greyhound we believe to be named Brooklyn. Shown at right, he last raced on November 13.

We recognize it will not be easy to help Brooklyn, and we are ready to address the logistics needed to return him to his home country. Because greyhounds are imported from Australia, that is the natural place for them to return.

We view this attempt to help Brooklyn as a test case of cooperation between us. A refusal to partner with us would send a troubling message to the rest of the world. Brooklyn does not deserve to be destroyed when he is injured or is no longer profitable. Like all of the Canidrome greyhounds, he deserves to find a loving home. We are hopeful that we will have your full cooperation, and expect your good news within one month's time.

We can be reached at the address below, or by telephone at +1 617-666-3526. Thank you in advance for your consideration of this important issue.

Sincerely,

Carey M. Theil  
Executive Director

Christine A. Dorchak, Esq.  
President and General Counsel
